

9th ASIA-PACIFIC CONGRESS ON CATALYSIS

Hangzhou, China

Oct. 30th - Nov. 2nd 2023

Invitation Letter

Dear _____

On behalf of the Organizing Committee, we cordially invite you to attend the 9th Asia-Pacific Congress on Catalysis (APCAT-9), which will be held from Oct. 30th - Nov. 2nd, 2023, in Hangzhou, China.

The conference is organized by the Catalysis Society of China, Zhejiang University and Westlake University, under the auspices of the Asia-Pacific Association of Catalysis Societies (APACS), and aims to cover all aspects of science, materials, and technology associated with catalysis. With “Catalysis for a sustainable development” as the theme, the APCAT-9 will address the most current environmental, energy, mobility, and circular economy solutions which are based on catalysis, in line with advanced catalysts preparation, characterization, modeling, data analysis approaches, and industrial applications.

Based on the great success of previous conference editions in Gyeongju, Sydney, Dalian, Singapore, Sapporo, Taipei, Mumbai Bangkok, we are confident that the APCAT-9 will once again gather scientists from academia and industry with the goal of sharing the latest ideas for the mutual benefit of both basic research and industrial applications of catalysis.

We are looking forward to seeing you in Hangzhou in 2023!

The best regards

Chair of the Organizing Committee of APCAT-9

A handwritten signature in black ink, appearing to read 'Feng-Shou Xiao', is written over a red circular official seal. The seal contains the Chinese characters '浙江大学' (Zhejiang University) and '催化研究所' (Catalysis Research Institute) around a central star.
