

The 2023 IEEE International Conference on Artificial Intelligence Circuits and Systems (AICAS 2023)

Call for Tutorials

The AICAS 2023 Organizing Committee invites proposals for tutorials to be offered during the 2023 IEEE International Conference on Artificial Intelligence Circuits and Systems in Hangzhou, China from 11th June till 13th June 2023. The objective is to complement the regular program with tutorials on emerging topics of particular interest for the AICAS community.

Tutorials

Prospective authors of tutorials should submit proposals to the tutorial chairs (eduard.alarcon@upc.edu), and a copy to the AICAS 2023 secretariat (secretariat@aicas2023.org) indicating:

- Title of the tutorial,
- 300 words abstract for inclusion on webpage and in registration materials,
- Full description, up to 2 pages to be used for evaluation,
- Up to 5 keywords,
- Target audience and prerequisite knowledge of audience,
- The presenter(s), short biography(ies), and detailed contact informations
- The main contact person.

Note that important aspects in evaluating Tutorials proposals include the timeliness of the topic, quality/track record of the proposers and papers authors, and expected value added to the overall technical program. Notifications of acceptance will be provided by January 09, 2022.

- Tutorials Co-Chairs:
 - Eduard Alarcon, Tech. Uni. of Catalunya, Spain
 - Mounir Boukadoum, UQAM, Canada
 - Feng Wu, USTC, China
 - David Brooks, Harvard Uni., USA
- AICAS 2023 Secretariat (secretariat@aicas2023.org)
